WARA - Yearly report

References
- WARA 3.0, Guidelines for the establishment and operation of WASP Research Arenas.

Purpose of this document
At the end of each year, each active arena should make a yearly report describing how the initiative has fulfilled the approved program. The report should describe the status and achievements of the current activity year, including KPIs and how the funding has been utilized. The reports from all arenas will be reviewed at the same occasion by the Arena Management Group (AMG). The outcome of the review will be presented to the Executive Committee before it is considered by the board for a decision.

Use the same font size (12 pt) and margins as in the template.

Status and Achievements from the current year
Describe the program activities, projects, and achievements. Be specific on the value for the academia, the industry engagement and how the program has contributed to WARA's main objective: *To provide WASP PhD students and researchers with the means to develop, test, and demonstrate research with high industrial and societal relevance.* Describe also how the arena has supported WASP Graduate School, promoted networking, developed new research initiatives, and increased the visibility of WASP research in society. Report also on how the funding has been used.
